Did you have an MDE approved Achievement and Integration plan implemented in the 2019-20 school year?

Yes  No

[List of districts with a Minnesota Department of Education \(MDE\) approved Achievement and Integration plan during the 2019-20 school year.](#)

This report has three parts:

- [WBWF](#): Required for all districts/charters.
- [Achievement and Integration](#): Required for districts that were implementing an MDE approved Achievement and Integration plan during the 2019-20 school year. *No charter schools should complete this section.*
- [Racially Isolated School](#): Required for districts that were implementing an MDE approved Achievement and Integration plan for Racially Identifiable Schools during the 2019-20 school year. *No charter schools should complete this section.*

Please ensure the World's Best Workforce leadership and the Achievement and Integration leadership collaborate within your district when completing this report.

## Annual Report

MDE understands this past school year (2019-20) ended under unique circumstances due to the COVID-19 pandemic. Therefore, we are providing reporting options that reflect this disruption in your ability to appropriately report annual progress.

**WBWF Requirement:** For each school year, the school board must publish a report in the local newspaper, by mail or by electronic means on the district website.

**A&I Requirement:** Districts must post a copy of their A&I plan, a preliminary analysis on goal progress, and related data on student achievement on their website 30 days prior to the annual public meeting.

- Provide the direct website link to the district's WBWF annual report. If a link is not available, describe how the district disseminates the report to stakeholders.
- Provide the direct website link to the A&I materials

## Annual Public Meeting

**These annual public meetings were to be held in the fall of each school year. Report on this measure for the 2019-20 school year.**

**WBWF Requirement:** School boards are to hold an annual public meeting to communicate plans for the upcoming school year based on a review of goals, outcomes and strategies from the previous year. Stakeholders should be meaningfully involved, and this meeting is to occur separately from a regularly scheduled school board meeting.

**A&I Requirement:** The public meeting for A&I is to be held at the same time as the WBWF annual public meeting.

- Provide the date of the school board annual public meeting to review progress on the WBWF plan and Achievement and Integration plan for the 2019-20 school year.

## District Advisory Committee

**The District Advisory Committee should be in place at the start of the school year. Report on your membership list.**

**WBWF Requirement:** The district advisory committee must reflect the diversity of the district and its school sites. It must include teachers, parents, support staff, students, and other community residents. Parents and other community residents are to comprise at least two-thirds of advisory committee members, when possible. The district advisory committee makes recommendations to the school board.

Complete the list of your district advisory committee members for the 2019-20 school year. Expand the table to include all committee members. Ensure roles are clear (teachers, parents, support staff, students, and other community residents).

### Equitable Access to Excellent and Diverse Educators

**Staffing should be in place by the start of the 2019-20 school year. Report on your equitable access to excellent and diverse educators for the start of the 2019-20 school year.**

**WBWF Requirement:** WBWF requires districts and charters to have a process in place to ensure students from low income families, students of color, and American Indian students are not taught at disproportionate rates by inexperienced, out-of-field, and ineffective teachers. The legislation also requires that districts have strategies to increase access to teachers who reflect the racial and ethnic diversity of students.

While districts/charters may have their own local definitions, please note the definitions developed by Minnesota stakeholders during the Every Student Succeeds Act (ESSA) state plan development process:

- An **ineffective teacher** is defined as a teacher who is not meeting professional teaching standards, as defined in local teacher development and evaluation (TDE) systems.
- An **inexperienced teacher** is defined as a licensed teacher who has taught for three or fewer years.
- An **out-of-field teacher** is defined as a licensed teacher who is providing instruction in an area which he or she is not licensed.

The term “equitable access gap” refers to the difference between the rate(s) at which students from low income families, students of color, and American Indian students are taught by inexperienced, out-of-field, or ineffective teachers and the rate at which other students are taught by the same teacher types. This is not to be confused with the “achievement gap” (how groups of students perform academically); rather, “equitable access gap” is about which student groups have privileged or limited access to experienced, in-field, and effective teachers.

Districts/charters are encouraged to monitor the distribution of teachers and identify equitable access gaps between and within schools, but they may also make comparisons to the state averages or to similar schools. It

is important to note that some of the most significant equitable access gaps occur at the school and classroom level.

Districts/charters may also use other indicators of “effectiveness” such as teachers receiving stronger evaluations overall, teachers with strengths in particular dimensions of practice (e.g., culturally responsive practices), teachers certified by the National Board for Professional Teaching Standards, or teachers with demonstrated student growth and achievement results.

*Respond to the questions below.*

- Describe your process for ensuring students of color, American Indian students and students from low income families have equitable access to experienced, in-field, and effective teachers.
  - How did the district examine equitable access data? What data did you look at? How frequently do you review the data?
  - Who was included in conversations to review equitable access data?  
**Limit response to 200 words.**
  - What strategies has the district initiated to improve student equitable access to experienced, in-field, and effective teachers?
  - What goal(s) do you have to reduce and eventually eliminate equitable access gaps?  
**Limit response to 200 words.**

WBWF also requires districts and charters to examine student access to licensed teachers who reflect the racial and ethnic diversity of students. A growing body of research has demonstrated that all students benefit when they are taught by racially and ethnically diverse staff throughout their career, and students of color and indigenous students benefit even more. Consequently, working to increase teacher racial diversity is beneficial to all schools.

- Describe your efforts to increase the racial and ethnic diversity of teachers in your district.
  - Which racial and ethnic student groups are present in your district that are not yet represented in your licensed teacher staff? How many additional teachers of color and American Indian teachers would you need in order to reflect your student population?  
**Limit response to 200 words.**
  - What strategies has the district initiated to increase and retain teachers of color and American Indian teachers in the district? What goal(s) are you pursuing?  
**Limit response to 200 words.**

## **Local Reporting of Teacher Equitable Access to Excellent and Diverse Educators Data**

Districts are required to publicly report data on an annual basis related to student equitable access to teachers, including data on access for low-income students, students of color, and American Indian students to experienced, in-field, and effective teachers *and* data on all student access to racially and ethnically diverse teachers.

For this 2019-20 WBWF summary report submission, please check the boxes to confirm that your district publicly reported this data.

District/charter publicly reports data on an annual basis related to equitable teacher distribution, including data on access for low-income students, students of color, and American Indian students to effective, experienced, and in-field teachers.

District/charter publicly reports data on an annual basis related to student access to racially and ethnically diverse teachers.

## Goals and Results

SMART goals are: specific and strategic, measurable, attainable (yet rigorous), results-based and time-based. Districts may choose to use the data profiles provided by MDE in reporting goals and results or other locally determined measures.

## Achievement and Integration

This portion is only required for districts with an approved A&I plan during the 2019-20 school year. Use pages 10-15 if you are reporting on Year 3 of your three-year plan (years 2017-20). If you are reporting on year 1 of your three-year plan (years 2019-22), please use pages 16-22 of this document.

[View list of participating districts required to report progress of goals during the 2019-20 school year.](#)

Once they are approved by MDE, Achievement and Integration (A&I) plans are in effect for three years. At the end of the third year, the commissioner must determine if districts met each goal in their approved plans ([Minn. Stat. § 124D.862, subd. 8](#)).

In order to do this, each district is asked to provide information in this A&I progress report indicating whether or not each of their plan goals has been met. The information you submit will also be used to provide ongoing support for your A&I efforts. You will be able to indicate where disruptions from COVID-19 required you to change how you implemented your A&I strategies or made collecting data to document progress toward your goals complicated or impossible

Districts with one or more racially identifiable schools will also submit progress reports to verify whether 2019-20 A&I plan goals for each of those schools were met.

Districts that don't meet plan goals after three years are to consult with the commissioner on improvement plans and use up to 20% of their annual A&I revenue to fund improvement strategies—strategies that will make it more likely for a district to meet their new A&I goals ([Minn. Stat. § 124D.862, subd. 8](#)).
